**PROXY STATEMENT**  
**March 31, 2006**  
**for**  
**Annual Meeting of Stockholders**  
**To Be Held On May 2, 2006**

---

This proxy statement (the "Proxy Statement") is being furnished to the holders of common stock, par value \$0.01 per share (the "Common Stock"), of Innospec Inc., a Delaware corporation (the "Corporation") in connection with the solicitation of proxies by and on behalf of the Board of Directors of the Corporation (the "Board of Directors" or the "Board") for use at the annual meeting of stockholders to be held on May 2, 2006 at 10:00 a.m. local time, and at any adjournments or postponements thereof (the "Annual Meeting"). The purpose of the Annual Meeting is:

- to re-elect one director to the Board,
- to elect one new director to the Board, and
- to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the 2006 fiscal year.

**Record Date and Quorum**

This Proxy Statement, the Proxy Form and the Corporation's Annual Report to Stockholders on Form 10-K are being mailed on or about March 31, 2006 to holders of record of the Common Stock at the close of business on March 9, 2006 (the "Record Date"). Each outstanding share of Common Stock entitles the holder thereof as of the record date to one vote (or where a part share shall be owned a proportionate part of the vote of one share) on each matter to come before the Annual Meeting. As of the Record Date, excluding treasury stock, there were 12,305,517 shares of Common Stock outstanding. There are no other outstanding voting securities of the Corporation other than the Common Stock.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the shares of Common Stock outstanding and entitled to vote will constitute a quorum for the transaction of business. Abstentions and broker "non-votes" are treated as present and entitled to vote, and therefore are counted in determining the existence of a quorum. At the Annual Meeting, election inspectors will determine whether or not a quorum is present.

A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner with respect to such item.

**Proxies**

If the enclosed proxy form (the "Proxy Form") is properly signed, dated and returned to the Corporation, the individuals identified as proxies thereon will vote the shares represented by the Proxy Form in accordance with the directions noted thereon. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed Proxy Form will be voted as the Board of Directors recommends. The

Corporation's management does not know of any matters other than those discussed in this Proxy Statement that will be presented at the Annual Meeting. If other matters are presented, all proxies will be voted in accordance with the recommendations of the Corporation's Board of Directors unless the stockholder otherwise specifies in the Proxy Form.

Returning your completed Proxy Form will not prevent you from voting in person at the Annual Meeting if you are present and wish to vote. In addition, you may revoke your proxy at any time before it is voted by sending written notice of revocation or by submission of a properly executed proxy bearing a later date to the Secretary of the Corporation prior to the Annual Meeting at the Corporation's principal executive offices at the address above.

### **Required Votes**

*Proposal One (Re-Election of Director):* The election of directors is decided by the affirmative vote of a plurality of the votes duly cast by holders of all shares entitled to vote in the election. Abstentions and broker "non-votes" are not counted as votes cast for the purpose of electing directors. Accordingly, abstentions and broker "non-votes" will not be taken into account and, therefore, will not affect the outcome of the election of directors.

*Proposal Two (Election of New Director):* The election of directors is decided by the affirmative vote of a plurality of the votes duly cast by holders of all shares entitled to vote in the election. Abstentions and broker "non-votes" are not counted as votes cast for the purpose of electing directors. Accordingly, abstentions and broker "non-votes" will not be taken into account and, therefore, will not affect the outcome of the election of directors.

*Proposal Three (Ratification of Appointment of Independent Registered Public Accounting Firm):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2006. A broker or nominee has discretion to vote on this matter. Accordingly, both abstentions and broker "non-votes" will be treated as present and entitled to vote and, therefore, will have the effect of votes against this proposal.

**PROPOSAL ONE**  
*(Item 1 on the Proxy Form)*

**Re-election of Current Director**

The Bylaws of the Corporation provide that the number of directors shall be not less than three nor more than 12 members, the exact number of which shall be determined from time to time by resolution adopted by the Board of Directors, and that the Board shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. By resolution of the Board of Directors dated March 10, 2006, the Board of Directors reduced the number of members on the Board of Directors from eight to seven effective May 2, 2006; three in Class I, two in Class II and three in Class III and the appointments of the directors in such Classes expire at the Annual Meetings of the Corporation in 2008, 2006 and 2007, respectively.

One director in Class II, Mr. James M.C. Puckridge, whose term expires at the upcoming Annual Meeting, has been nominated for re-election to serve until the Corporation's 2009 Annual Meeting. See "Management—Nominees for Director" for information with respect to Mr. Puckridge. The Corporation believes that Mr. Puckridge is willing to be elected and to serve. In the event that the nominee is unable to serve or is otherwise unavailable for election the incumbent Board may or may not select a substitute nominee. If a substituted nominee is selected, all proxies will be voted for the person selected.

The election of directors at the Annual Meeting requires a plurality of the votes actually cast by the stockholders present (in person or by proxy) at the meeting and entitled to vote. There is no cumulative voting as to any matter, including the election of directors.

**The Board of Directors recommends a vote "FOR" the re-election of the nominee current director.**

**PROPOSAL TWO**  
*(Item 2 on the Proxy Form)*

**Election of a New Director**

The Bylaws of the Corporation provide that the number of directors shall be not less than three nor more than 12 members, the exact number of which shall be determined from time to time by resolution adopted by the Board of Directors, and that the Board shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. By resolution of the Board of Directors dated March 10, 2006, the Board of Directors reduced the number of members on the Board of Directors from eight to seven effective May 2, 2006; three directors in Class I, two directors in Class II and two directors in Class III and the appointments of the directors in such Classes expire at the Annual Meetings of the Corporation in 2008, 2006 and 2007, respectively.

Mr. Paul W. Jennings was elected to the Board in accordance with Article III of the Bylaws to fill the vacancy on the Board created as a result of the resignation of Mr. Dennis J. Kerrison on April 15, 2005. Mr. Jennings will serve until the date of the 2006 Annual Meeting. Mr. Jennings has also been nominated for election as a Class II Director to the Board of Directors to serve until the Corporation's 2009 Annual Meeting. The Corporation believes that Mr. Jennings is willing to be elected and to serve. In the event that Mr. Jennings is unable to serve or is otherwise unavailable for election the incumbent Board may or may not select a substitute nominee. If a substituted nominee is selected, all proxies will be voted for the person selected.

The election of directors at the Annual Meeting requires a plurality of the votes actually cast by the stockholders present (in person or by proxy) at the meeting and entitled to vote. There is no cumulative voting as to any matter, including the election of directors.

**The Board of Directors recommends a vote "FOR" the election of the nominee director.**

**PROPOSAL THREE**  
*(Item 3 on the Proxy Form)*

**Ratification of Appointment of Independent Registered Public Accounting Firm**

The Audit Committee has appointed the accounting firm of PricewaterhouseCoopers LLP to serve as independent registered public accounting firm of the Corporation with respect to the 2006 fiscal year to examine the financial statements of the Corporation for the fiscal year ending December 31, 2006 and to perform other appropriate accounting services. PricewaterhouseCoopers LLP served as the Corporation's independent registered public accounting firm for fiscal year 2005.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to questions and to make a statement if such representative desires to do so. If the stockholders do not ratify this appointment by the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting, the Audit Committee will consider other independent registered public accounting firms.

**The Board of Directors recommends a vote "FOR" ratification of the appointment of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2006.**

Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize stockholder value in a manner consistent with all applicable legal and regulatory requirements as well as the highest standards of business ethics and integrity. The Corporation has adopted a set of Corporate Governance Guidelines available on the Corporation's website, including specifications for director qualification and responsibility, which the Board and senior management believe promote this purpose and represent best practices. The Board of Directors believes that corporate governance is an evolving process and periodically reviews and updates the Corporate Governance Guidelines.

The guidelines can be accessed electronically in the Investor Relations section of our website, [www.innospecinc.com](http://www.innospecinc.com), by writing to Investor Relations at Innospec Inc., Innospec Manufacturing Park, Oil Sites Road, Ellesmere Port, Cheshire, CH65 4HF, England, or by e-mailing [investor@innospecinc.com](mailto:investor@innospecinc.com).

### Information about the Board of Directors

#### *Attendance*

The Board of Directors met seven times and the Committees of the Board met a total of twenty-one times during fiscal year ended December 31, 2005. Directors are expected to attend all Board Meetings and meetings of committees on which they serve. All of the directors attended the 2005 Annual Meeting. In addition the Special Committee of the Board met four times. All directors attended in person or by teleconference. Each director attended 90% or more of the meetings of the Board and meetings of committees of the Board on which he or she served.

#### *Independent Board of Directors*

The Board of Directors, after considering broadly all relevant facts and circumstances of which it is aware, including those matters set forth under "Certain Other Transactions and Relationships" and under "Management—Family Relationships", has determined that a majority of its members are independent within the meaning of The New York Stock Exchange and NASDAQ Stock Market listing rules applicable on the date hereof.

The Corporation adopted the following standards for director independence in compliance with the NYSE corporate governance listing standards.

1. No director qualifies as "independent" unless the Board affirmatively determines that the director has no material relationship with the Corporation or its wholly-owned subsidiaries (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Corporation). These determinations must be disclosed.

2. The Board has established the following criteria for determining director independence:

- a. A director who is an employee, or whose immediate family member is an executive officer of the Corporation is not "independent" until three years after the end of such employment relationship;
- b. A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Corporation, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not "independent" until three years after he or she ceases to receive more than \$100,000 per year in such compensation;

## Table of Contents

c. A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external registered public accounting firm of the Corporation is not “independent” until three years after the end of the affiliation or the employment or auditing relationship;

d. A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Corporation’s present executives serve on that company’s compensation committee is not “independent” until three years after the end of such service or the employment relationship; and

e. A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Corporation for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company’s consolidated gross revenues, is not “independent” until three years after falling below such threshold.

The Board determined that each member of the Board, except for Mr. Jennings, meets the aforementioned independence standards. Mr. Jennings does not meet the aforementioned independence standards, because, as the current President and Chief Executive Officer of the Corporation, he is an employee of the Corporation.

With effect from March 22, 2006 the Corporation voluntarily withdrew its common stock listing from the New York Stock Exchange (“NYSE”) and listed its common stock on the NASDAQ Stock Market (“NASDAQ”). Rule 4350 of NASDAQ’s Marketplace Rules sets different criteria for determining director independence. By virtue of Rule 4350(a), all directors of the Corporation, except for Mr. Jennings, may be defined as independent.

### *Executive Sessions of Non-Employee Directors*

“Non-employee” directors are all those who are not Corporation officers, and includes such directors who are not independent by virtue of a material relationship, former status or family membership, or for any other reason. Executive Sessions are led by the Chairman. An executive session is held in conjunction with each regularly scheduled Board meeting and other sessions may be called by the Chairman in his or her own discretion or at the request of the Board. Dr. Robert E. Bew has been designated as the Chairman. There were four executive sessions during fiscal 2005.

member of this Committee since its formation on May 11, 1998. On February 20, 2002 Mr. M. Hale was appointed Chairman of the Committee. On March 31, 2004, Dr. Bew was appointed to the Committee. Mr. H. Aldous was appointed to the Committee on February 15, 2005. Dr Bew resigned from the Committee with effect from December 31, 2005. Throughout the period the Corporation was listed on the NYSE, each of the members of the Committee met the criteria for director independence and by virtue of Rules 4350 and 4350(a) of NASDAQ's Marketplace Rules, may also be defined as independent. The Committee met eight times during fiscal 2005.

All Audit Committee members possess the required level of financial literacy and at least one member of the Committee meets the current standard of requisite financial management expertise as required by the NYSE and NASDAQ on the date hereof. The Board of Directors has determined that Messrs. M. Hale and H. Aldous qualify as Audit Committee Financial Experts, as such term is defined in Item 401(h) of Regulation S-K, and are independent for purposes of the Securities Exchange Act of 1934. The Board made this determination based on Mr. M. Hale's 40 years of experience as a securities analyst and portfolio manager with emphasis on balance sheet study and his direct experience serving on the audit committee of the Great Lakes Chemical Corporation (now Chemtura Corporation) for the last 26 years (including five years as its chairman), and Mr. Aldous' qualification as a chartered accountant and appointment as a partner of RSM Robson Rhodes, Chartered Accountants.

PricewaterhouseCoopers LLP, the Corporation's independent registered public accounting firm, report directly to the Audit Committee.

The Audit Committee, consistent with the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, meets with management and the registered public accounting firm prior to the filing of officers' certifications with the Securities and Exchange Commission (the "SEC") to receive information concerning, among other things, significant deficiencies in the design or operation of internal controls.

Any stockholder or employee may submit at any time a good faith complaint regarding any questionable accounting, internal accounting controls, or auditing matters concerning the Corporation without fear of dismissal or retaliation of any kind. Employees are encouraged to report their concerns and complaints to the Corporate Secretary or to the Audit Committee. Confidential, anonymous reports may be made by writing to: Corporate Secretary, Innospec Inc., Innospec Manufacturing Park, Oil Sites Road, Ellesmere Port, Cheshire, CH65 4HF, England. The Audit Committee has adopted a Complaint Monitoring Procedure Policy to enable confidential and anonymous reporting to the Audit Committee. All complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters will be retained in accordance with the Corporation's document retention policy.

The Corporation's internal audit group reports directly to the Audit Committee.

The Corporation limits the number of public company audit committees its audit committee members serve to three or less.

The Audit Committee Report appears later in this Proxy Statement.

### *Compensation Committee*

The Compensation Committee operates under a formal charter that governs its duties and standards of performance. The charter was filed with the Corporation's 2004 Proxy Statement.

The Compensation Committee reviews management compensation programs, recommends compensation terms and agreements for senior executive officers to the Board for Board approval, reviews changes in compensation for senior executive officers and non-employee directors and administers the Corporation's stock option plans. Mr. Puckridge and Mr. C. Hale were appointed to the Committee on February 20, 2002.

## Table of Contents

Mr. Puckridge was appointed Chairman on March 31, 2004. Mr. Haubold was appointed to the Committee on April 1, 2004. Throughout the period the Corporation was listed on the NYSE, each of the members of the Committee met the criteria for director independence and by virtue of Rules 4350 and 4350(a) of NASDAQ's Marketplace Rules, may also be defined as independent. The Committee met six times during fiscal 2005.

### *Nominating and Corporate Governance Committee*

On November 19, 2002, the Corporation formed a Nominating and Corporate Governance Committee and appointed Mr. Haubold as its Chairman and Mr. Puckridge as a member. Dr. Bew was appointed to the Committee on November 1, 2005. The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to become Board members consistent with criteria approved by the Board, recommend to the Board the persons to be nominated by the Board for election as directors at the annual meeting of stockholders, develop and recommend to the Board a set of corporate governance principles and oversee the evaluation of the Board and management. The Committee met three times during fiscal 2005.

Throughout the period the Corporation was listed on the NYSE, each of the members of the Committee met the criteria for director independence and by virtue of Rules 4350 and 4350(a) of NASDAQ's Marketplace Rules, may also be defined as independent. The Nominating and Corporate Governance Committee operates under a formal charter that governs its duties and standards of performance. The charter was filed with the Corporation's 2004 Proxy Statement.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Committee regularly assesses the appropriate size of the Board and whether vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Committee considers potential candidates for director. Candidates may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Committee and may be considered at any time during the year.

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder nominations for election to the Board as described in the Corporate Governance Guidelines which may be found at Appendix A of the Corporation's 2004 Proxy Statement. In order for any candidate to be considered by the committee, and if nominated, included in the proxy statement, such recommendation should be received no later than the deadline for submission of stockholder proposals. See "Stockholders' Proposals For the 2007 Annual Meeting". Recommendations should be sent to the Corporate Secretary and should specify the nominee's name, qualification for Board membership and any other information required by the Corporation's Bylaws. All properly submitted stockholder proposals for director nominees received by the Corporate Secretary will be submitted to the committee for review and consideration.

### *Code of Ethics*

Management has adopted a Code of Ethics, violations of which may be reported to the Chairman of the Nominating and Corporate Governance Committee or the Corporate Secretary. This Code of Ethics is intended to promote, among other things, honest and ethical conduct, full and accurate reporting and compliance with applicable laws and regulations.

### *Copies of Code of Ethics, Corporate Governance Guidelines and Committee Charters*

Any stockholder who requires a copy of the Code of Ethics, Corporate Governance Guidelines or any of the Board Committee Charters may obtain one by writing to Investor Relations at Innospec Inc., Innospec Manufacturing Park, Oil Sites Road, Ellesmere Port, Cheshire, CH65 4HF, England, or by e-mail to: [investor@innospecinc.com](mailto:investor@innospecinc.com). ### *Special Committee*

On March 17, 2005 the Corporation announced that it had filed a Form 12b-25 (Notification of Late Filing) with the SEC with respect to its Annual Report on Form 10-K as a result of the need to complete an investigation of the transaction described below and its impact on management's assessment of internal control over financial reporting.

On February 24, 2005, Dennis J. Kerrison ("Mr. Kerrison"), then the President and Chief Executive Officer ("CEO") of the Corporation, arranged to transfer £50,000 (equivalent to approximately ZAR 500,000, and approximately US \$95,000) from his UK bank account to the account of Associated Octel Company (South Africa) (Pty) Limited ("Octel South Africa"), a wholly owned indirect subsidiary of the Corporation. On the same day, at the initiation of Mr. Kerrison, Octel South Africa made a payment of ZAR 500,000 (equivalent to approximately US \$95,000) for Mr. Kerrison's personal use. Mr. Kerrison's UK bank sent the funds to Octel South Africa's bank account on February 24, 2005, which funds were credited to Octel South Africa's bank account on February 28, 2005. Octel South Africa was reimbursed on behalf of Mr. Kerrison for associated costs of approximately ZAR 629 (approximately US \$107) on March 3, 2005.

The investigation, conducted by independent counsel appointed by a Special Committee of the Board, was completed on March 29, 2005. Also on March 29, 2005, the Special Committee reported on the investigation to the Corporation's Board of Directors. The findings were adopted by the Board. Based on the findings, it was determined that the transaction appeared to violate the Corporation's Code of Ethics, and that elements of the transaction may have resulted in potential violation of certain laws and regulations by the then CEO, the managing director of Octel South Africa, and the Corporation. In addition, it was determined that local controls over disbursements at Octel South Africa were overridden as a result of the transaction initiated by Mr. Kerrison.

Upon completion of the investigation, the Corporation assessed the effectiveness of the Corporation's internal control over financial reporting as of December 31, 2004, and concluded that a material weakness existed as of December 31, 2004. As of March 31, 2005 the Board and the then CFO concluded that this material weakness had not been remediated, and still existed at March 31, 2005. The Board determined that this conclusion was consistent with the Corporation's conclusion with regard to its internal control over financial reporting as of March 31, 2005.

On April 12, 2005, the Corporation announced the resignation of Mr. Kerrison as President and CEO, effective April 15, 2005. The Corporation implemented a remediation program that involved training all staff in its Code of Ethics, stressing the unacceptability of override of internal controls by management, and the establishment of a register of directors' and officers' interests and procedures with respect to actual or potential conflicts.

The Corporation met with the SEC in May 2005 to discuss this matter. To date, the SEC has taken no additional action, and there has been no further communication between the SEC and the Corporation regarding this matter.

As of September 30, 2005, the current CEO and Chief Financial Officer ("CFO") concluded that this material weakness had been remediated and therefore no longer existed at September 30, 2005. The CEO and CFO concluded that the Corporation's disclosure controls and procedures were effective as of September 30, 2005. This remains the view at December 31, 2005.

The share ownership, compensation, stock options and SAR grant information for Mr. Kerrison is set out below and not in the tables set out on pages 18 through 22.

As at February 6, 2006, Mr. Kerrison owned, directly or indirectly 96,550 shares in the Corporation. As of the same date, he had 145,951 shares underlying options exercisable within 60 days, making a total of 242,501. This amounted to 1.64% of the Corporation's Common Stock.

On February 18, 2005, Mr. Kerrison was granted 6,680 options under the Company Share Option Plan at an exercise price of \$19.77 with a vesting date of February 18, 2008 and an expiration date of February 18, 2015. Also on February 18, 2005, Mr. Kerrison was granted 25,000 options under the Performance Related Stock Option Plan with the same vesting and expiration dates. On March 4, 2005, Mr. Kerrison was granted 5,704 options under the Executive Co-Investment Plan with a vesting date of March 4, 2008 and an expiration date of March 4, 2015.

The Aggregated Option/SAR Exercises in Last Fiscal Year and Fiscal Year-End Option/SAR Values for Mr. Kerrison are as follows:

### **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act 1934, as amended, requires the Corporation's directors and officers, and persons who beneficially own more than 10% of a registered class of the Corporation's Common Stock and other equity securities, to file initial reports of ownership and reports of changes in ownership of the Corporation's Common Stock or other equity securities with the SEC. Such persons are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such forms furnished to the Corporation, or written representations that no Form 5 filings were required, the Corporation believes that each of its officers, directors and beneficial owners of more than 10% of the Common Stock complied with all Section 16(a) filing requirements applicable to them during fiscal 2005 except that: (i) a late Form 4 was filed for Sharon Todd on February 24, 2005; (ii) a late Form 4 was filed for Richard Shone on February 24, 2005; (iii) a late Form 4 was filed for Ian McRobbie on February 24, 2005; (iv) a late Form 4 was filed for Dennis Kerrison on February 24, 2005; (v) a late Form 4 was filed for Geoff Hignett on February 24, 2005; (vi) a late Form 4 was filed for Heather

During the past fiscal year, the Corporation and its subsidiaries had no transactions in which any director, or any member of the immediate family of any director, had a material direct or indirect interest reportable under the applicable rules of the SEC. ### **Stock Option Plans**

The Corporation has five active stock option plans, the first four of which provide for grants of options to key employees and non-employee directors. One other plan provides stock options on an equal basis to all U.K. employees.

The four Plans which grant options to key employees or non-employee directors are:

i) *The Innospec Inc. Company Share Option Plan, as amended (the "Company Plan")*

Under the Company Plan, the Directors of the Corporation are permitted to grant options, at their discretion, to both directors required to work more than 20 hours a week for the Corporation and other employees who are required to work more than 25 hours for the Corporation and, in each case, where the grantee does not possess more than ten per cent of the shares of the Corporation. Options under the Company Plan are granted at fair market value at the time of grant.

ii) *The Innospec Inc. Performance Related Stock Option Plan, as amended (the "Performance Plan")*

Under the Performance Plan, the Innospec Compensation Committee may, at its discretion, grant options to employees who work for a group company and who do not own more than ten per cent of the total combined voting power of all classes of shares of the Corporation. Under the Performance Plan, the Compensation Committee may grant stock options at such exercise price as it determines. Options granted under this plan are exercisable subject to the Corporation meeting certain performance targets as set by the Compensation Committee. The targets that are set are designed to be "stretch" targets which focus on delivery of high performance and enhancing shareholder value.

iii) *The Innospec Inc. Non-Employee Directors' Stock Option Plan, as amended (the "NED Plan")*

The NED Plan was adopted on February 24, 2004 by which non-employee directors are granted one quarter of their annual fee in the form of shares for work performed in their capacity as directors. The plan is intended to align the interests of the directors with the Corporation.

iv) *The Innospec Inc. 2004 Executive Co-Investment Plan*

The Executive Co-Investment Plan was adopted on February 24, 2004 by which certain senior executives are allowed to elect to utilize part of their annual bonus earned to acquire shares in the Corporation and provisionally receive matching shares from the Corporation. For every two shares the employee elects to acquire out of their bonus up to target, the Corporation will provisionally allocate one additional share. In the case of shares the employee elects to acquire out of bonus above target, shares are matched on a one for one basis. Executives must elect to use a minimum of one third of their bonus above-target to acquire shares. The matching shares become vested and transfer to the employee if they continue to hold the acquired shares and be employed by the Corporation on the third anniversary of making the election.

The other active plan which provides stock options to UK employees is:

v) *The Innospec Inc. Savings Related Share Option Scheme, as amended (the "Savings Plan")*

The Board of Directors may determine, in their absolute discretion, those employees that may participate in the Savings Plan. Permitted participants will be able to make a fixed contribution from their income to the Savings Plan up to a pre-determined maximum limit.

All the above Plans were approved or were amended, restated and re-approved by stockholders at the 2004 Annual Meeting. Details of all of the above Plans were contained in the Corporation's 2004 Proxy Statement and are incorporated herein by reference.

Options, and the conditions relating thereto, granted under the above plans are determined by the Compensation Committee. The current limit for the number of shares of Common Stock which can be issued or awarded under the plans listed above is 3,043,000.

### **Pension Plans**

The Corporation operates four separate pension plans for executives. One of these is a defined benefit plan which is designed to provide the equivalent of 1/57 of final salary (or the average of the last three years of service if higher) for each year of service with the Corporation. In conjunction with this plan, there is a defined contribution plan and the Corporation makes contributions calculated as a percentage of base salary for eligible executives. The third plan is a stand alone defined contribution plan and the Corporation makes contributions, calculated as a percentage of base salary, to the plans for the eligible executives. The fourth plan is a top-up defined contribution plan designed to provide additional benefits on retirement to certain eligible executives. None of the current executive officers are active members of this plan. The four plans are:

- i) The Associated Octel Company Limited Pension Plan;
- ii) The Associated Octel Company Limited Senior Management Plan;
- iii) The Group Personal Pension.
- iv) The Associated Octel Company Limited Funded Unapproved Pension Plan; and

The reason for having the top up defined contribution plans together with the defined benefit plan is to make maximum use of U.K. Inland Revenue approved pension arrangements to optimize both the Executive's and the Corporation's tax position.

Normal retirement age is the end of the month following the Executive's 65th birthday.

As of December 31, 2005, the final base pensionable salary of the Named Executives and eligible credited years under the pension plans were as follows:

### **Change in Control and Severance Agreements**

---

stability and the continuity of key management personnel, the Corporation entered into a Change-in-Control agreement with the President and Chief Executive Officer, Mr. Jennings, at the time of his appointment to the role. The agreement provides that in the event of a take-over or fundamental restructuring of the business which results in the loss of Mr. Jennings' position, he is entitled to compensation of two years pay.

### ***Employment Agreements***

Each Executive also has an employment agreement which provides for, among other things, up to 30 days of annual vacation, the provision of a car or car allowance, private health insurance, pension provision, and a rolling one year term of employment which can be terminated by the Corporation upon twelve months notice and six months from the Executive.

### ***Life Insurance Cover***

Named Executives are covered by two basic plans. The Corporation's accidental death plan provides up to six times annual salary in the event of accidental death for whatever reason. Also, as a component of the pension plans, up to four times annual salary is payable for death while in service with the Corporation.

Non-employee directors have accidental cover while on Corporation business up to a maximum of \$500,000 in the case of death or injury. Cover ceases upon termination of employment with the Corporation and there are no cash surrender values.

**2005 REPORT OF THE COMPENSATION COMMITTEE  
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

*Compensation Committee Report on Executive Compensation*

The Compensation Committee reviews and makes recommendations to the Board regarding salaries, compensation and benefits of executive officers and key employees of the Corporation with the assistance of external advisors and develops and administers programs providing stock-based incentives. After consideration of the Compensation Committee's recommendations, the full Board approves the salaries and bonuses and the stock and benefit programs for the Corporation's executive officers.

*Compensation Philosophy*

The compensation philosophy of the Corporation is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. The goals of the Corporation's executive compensation programs are to:

- Establish pay levels that are necessary to attract and retain highly qualified executives in light of the overall competitiveness of the market for high quality executive talent and the Corporation's unique business profile.
- Recognize superior individual performance, new responsibilities and new positions within the Corporation.
- Balance short-term and long-term compensation to complement the Corporation's annual and long-term business objectives and strategy and to encourage executive performance in the fulfillment of those objectives.
- Provide variable compensation opportunities based on the Corporation's performance.
- Encourage stock ownership by executives.
- Align executive remuneration with the interests of stockholders.
- Focus on and reward achievement of exceptional performance.

*Stock Ownership*

The Compensation Committee believes that it can align the interests of stockholders and executives by providing those persons who have substantial responsibility over the management and growth of the Corporation with an opportunity to establish a meaningful ownership position in the Corporation. As part of this, effective January 1, 2004 the Board has established minimum share ownership guidelines for the members of the senior executive team to encourage key employees to align their interest closely with those of other stockholders. These guidelines require the senior executive team to build their shareholdings in the Corporation to the level set by the Compensation Committee, which is currently to reach a share ownership level equivalent in value to 100% of their base annual salary within a four-year period. This criteria has only recently been introduced and currently no member of the executive team satisfies this guideline.

*Compensation Components*

Corporate and individual performances are recognized through both short- and long-term incentive compensation plans designed to align the interests of executives and stockholders. The total compensation program consists of several components: base salary, which reflects the executive's level of responsibility and individual performance; annual incentive compensation awards in the form of cash bonuses, which reflect both corporate and individual performance; and long-term incentive compensation in the form of stock options. The latter two components provide at risk compensation which is linked directly to financial results. In addition, the

## [Table of Contents](#)

2004 Co-Investment Plan is linked to the annual cash bonus and hence overall corporate and personal performance, and encourages the senior team to hold shares in the Corporation. The Committee considers all elements of compensation when determining an individual's total compensation. All compensation for executives based in the UK is paid in pounds sterling and has been translated into U.S. dollar amounts based on an exchange rate of \$1.8382 (the average exchange rate for 2005). One executive is based in the US and his compensation is therefore paid in US dollars.

### *Short-Term Incentive Compensation*

Each year the Committee reviews and determines along with the other "independent" directors the base salary of the President and Chief Executive Officer. In conjunction with this review, the Committee also reviews the base salaries of other corporate officers and makes the final compensation recommendations for such officers to the Board for Board approval. The median level of the executive market as assessed by external surveys is used as the main criterion in determining base salary. The levels and scope of responsibility, experience, and corporate and business unit performances, as well as individual performance, are also key criteria in base salary determination.

A Management Incentive Compensation Plan ("MICP") provides incentive compensation in the form of cash bonuses to executive officers, managers and other selected key employees who have a broad impact on the Corporation's performance. The philosophy for incentive compensation is to provide awards when financial objectives are achieved or exceeded and provide no or reduced awards when the objectives are not achieved. The awards granted in 2005 were based on pre-established targets for corporate income, cash generation and business unit performance in addition to individual achievement against personal targets.

### *Long-Term Incentive Compensation*

Long-term incentive compensation is comprised of annual grants of stock options, which are designed to encourage key employees to remain with the Corporation and deliver enhanced performance, by providing them with a long-term interest in the Corporation's overall performance and, by focusing on the achievement of exceptional business results, to motivate them to maximize long-term stockholder value. The Corporation's stock option grant guidelines were designed with the assistance of external compensation consultants. The Committee administers the stock compensation plans. A combination of options at market value at the date of grant and performance related zero cost stock options, which cannot be exercised for at least three years from the date of grant and which expire within 10 years of date of grant will generally be granted annually.

### *Chief Executive's Compensation*

Mr. Jennings's compensation includes base salary, incentive compensation and stock options. In 2005, consistent with all other executive officers, the President and Chief Executive Officer's compensation was determined by the Board, based on the Compensation Committee recommendations in accordance with the salary policy, bonus programs and stock option guidelines, namely the Corporation and the President and Chief Executive's overall performance and motivation to maximize long-term stockholder value. Stock options, which cannot be exercised for at least three years from the date of grant, with a maximum of 10 year exercise from plan inception, will generally be granted annually. The Committee has available information as to the level of past awards and individual stock ownership of the President and Chief Executive Officer, as well as historical information on bonus payments and base salary.

Mr. Jennings's base salary effective as of December 2005 was approximately \$505,505. This salary has been verified by a global external compensation consultancy as in line with market rates for CEO's of similar sized businesses in the U.K operating internationally. A bonus of approximately \$417,043 was granted to Mr. Jennings in consideration of the Corporation's financial performance and Mr. Jennings's leadership of the Corporation and achievement of specific business objectives during the fiscal year. Consistent with all other

executive officers, the President and Chief Executive Officer's bonus was determined by the Board, based on the recommendation of the Compensation Committee taking into account three primary factors: achievement of an overall corporate cash flow target, achievement of an overall corporate income target and achievement of agreed personal objectives.

Pursuant to the Corporation Share Option Plan (CSOP), Mr. Jennings was granted 2,820 options in respect of shares at an exercise price of \$19.77, which will vest in February 2008 and must be exercised by February 2015. On the same date, Mr. Jennings was also granted 8,460 zero cost options pursuant to the Performance Related Stock Option Plan (PRSOP) which will vest in February 2008, subject to the satisfaction of certain stretching corporate financial performance criteria specified by the Compensation Committee. In addition, Mr. Jennings was granted 778 matching shares pursuant to the 2004 Innospec Inc. Executive Co-Investment Plan, which will vest in March 2008, subject to Mr. Jennings continuing to hold the shares he purchased in this scheme until the vesting date and continuing to be employed by Innospec Inc.. At the time of his appointment to CEO, Mr. Jennings was granted 5,000 zero cost options pursuant to the Performance Related Stock Option Plan (PRSOP) which will vest in July 2008, subject to the satisfaction of certain performance criteria specified by the Compensation Committee.

In line with normal U.K. practice, Mr. Jennings also receives pension benefits and life assurance valued at \$16,050.

### *Summary*

With a significant portion of the Corporation's executive compensation linked directly to individual and corporate performance and paid in stock, the Committee believes that these compensation practices, together with the share ownership requirement for the senior team, will help ensure alignment with the interests of the Corporation's stockholders. While recognizing that fluctuations of the business cycles may negatively impact financial performance from time to time, the Committee believes that the focus on stretching performance measures through the stock plans, the strong leadership provided by the Corporation's senior executives and the infrastructure that they have put in place have positioned the Corporation to capitalize on the opportunities that lie ahead.

**AUDIT COMMITTEE PRE-APPROVAL POLICY  
FOR AUDIT & NON-AUDIT SERVICES**

**Adopted August 1, 2005**

---

**I. PURPOSE OF POLICY**

Under the Sarbanes-Oxley Act of 2002 (the "Act"), and the rules of the Securities and Exchange Commission (the "SEC"), the Audit Committee of the Company's Board of Directors (the "Audit Committee"), is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor's independence. Accordingly, the Audit Committee is adopting this Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services to be performed by the independent auditor are to be pre-approved.

**II. IMPLEMENTATION OF POLICY**

To implement the provisions of the Act, the SEC has issued rules specifying the types of services that an independent auditor may not provide to its audit client and governing the Audit Committee's administration of the engagement of the independent auditor. Prohibited services are set out in Section IV.

Services permitted to be provided by the independent auditor are set out in Section V. Unless a type of service to be provided by the independent auditor has received general pre-approval at the quarterly meeting of the Audit Committee, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels, as such levels are determined by the Audit Committee at the time such services are pre-approved, will require specific pre-approval by the Audit Committee.

The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period.

The Audit Committee will periodically revise the list of pre-approved services, based on subsequent determinations.

**III. DELEGATION**

The Audit Committee may delegate pre-approval authority to the Audit Committee Chairman. The Chairman to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

**IV. PROHIBITED SERVICES**

The Audit Committee will not approve nor will the Company's independent auditor perform for the Company any services that constitute Prohibited Activities as defined by the Act or by regulations promulgated by the SEC. These prohibited activities include:

- (a) bookkeeping or other services related to the accounting records or financial statements of the audit client;
- (b) financial information systems design and implementation;

## Table of Contents

- (c) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
- (d) actuarial services;

### **V. NON-PROHIBITED SERVICES**

The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. The Audit Committee will monitor the audit services engagement throughout the year and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters. The Audit Committee will request that the audit engagement letter with the independent auditor be addressed to the Chairman of the Audit Committee and that the Chairman of the Audit Committee execute the engagement letter on behalf of the Company. The audit services include the following:

- the annual financial statement and internal control over financial reporting audits (including required quarterly reviews) and other procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements;

#### (b) Other Audit and Non-Audit Services

In addition to the annual audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for other audit and non-audit services, which are those services that the Audit Committee believes that independent auditor reasonably can provide without impairing the independence of the auditor. The other audit and non-audit services set forth below shall be subject to the general pre-approval of the Audit Committee at the cost level as determined by the Audit Committee at the time of such approval. All other audit and non-audit services shall, subject to its powers of delegation referred to above, be specifically pre-approved by the Audit Committee.

#### (i) Audit-Related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of audit-related services does not impair the independence of the auditor, and shall pre-approve the audit-related services on a quarterly basis. ### (ii) Tax Services

The Audit Committee believes that the independent auditor can provide tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee shall pre-approve any tax services on a quarterly basis. Tax services include the following:

- U.S. federal, state and local tax compliance, planning and advice International tax compliance, planning and advice; and

The Audit Committee shall pre-approve the other non-audit services on a quarterly basis. Other non-audit services which are not approved at the quarterly meeting of the Audit Committee shall, subject to its powers of delegation referred to above, be separately pre-approved by the Audit Committee.

## **VI. SUPPORTING DOCUMENTATION**

With respect to each proposed pre-approved service, the independent auditor will provide detailed back-up documentation, at the request of the Audit Committee, regarding the specific services to be provided.

## **VII. PROCEDURES**

Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Company's Chief Financial Officer or other designated officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.
